From the President

The CARE for Children Board of Directors often hears how a service area of our size is lucky to have an agency like CARE because many places and many children do not have access to the continuum of care which our organization provides. Through my tenure as a board member, my understanding of the important role that CARE for Children plays in the community has grown.

In addition to an array of pediatric therapy, therapeutic recreation, safety and early learning programs, the organization focuses on ensuring services engage families, and are targeted to meet community needs, and the needs of each individual child.

As we look at the 2018-2019 fiscal year, CARE had an exceptional year. The organization's golf tournament and annual fund appeal reached all-time highs of funds raised. Enrollment in Rainbow Corner Preschool continues to be at capacity due to an outstanding program and the support we receive through business contributions made through the State of Pennsylvania's Educational Improvement Tax Credit (EITC) Pre-Kindergarten Scholarship Program. CARE also exceeded all previous years in terms of School-Based Therapy and Early Intervention Services provided.

As you review this year's annual report, look at the numbers but also remember that each one represents a commitment to high quality service, individualized attention, and a dedicated team committed to the mission of improving the lives of children of all abilities. The board is determined to measure CARE's good work and successes not only in terms of financial stability but by impact, excellence and ever building towards future sustainability to ensure CARE's longevity.

It is a testament to the board and staff and to all who support our mission—donors, volunteers, parents and families, the school districts, and partner organizations, that CARE continues to grow and play an important part in the lives of local children. Thank you for your support.

A handwritten signature in black ink that reads "N. M. Strotman".

Norm Strotman
President, Board of Directors

From the Executive Director

This past June, I received a thank you letter from a mom whose child received several therapies from CARE and the child was transitioning out of Early Intervention Birth to Three Services.

That mom was not only grateful for the therapists who supported her son as he worked to overcome significant challenges, she was grateful for the friendship of those therapists, their guidance, their outstretched hands when she needed it. She wrote: "Thank you for your continued support. CARE's kindness has meant the world to us. CARE for Children will always be part of our family."

As CARE for Children enters its 95th year of providing services, we are determined that the tremendous growth our organization has experienced is balanced with a commitment to keeping our services family-centric. Each child, each family is part of a greater tapestry that informs who we are and what we do as an organization.

This year's annual report celebrates the theme: "Stronger Together" which has resonance because it is the truth. This idea is reflective of our core services which are collaborative and offered in partnership and support of our families, schools, and communities.

This past year, CARE's outstanding, dedicated staff served more than 3,000 children and families by providing therapy services, early education, child safety programs and family-strengthening services.

The viability and high quality of all of our services is assured because of your support. As the board of directors and staff work to build stronger, brighter futures for children of all abilities, we thank you, our donors, volunteers and supporters for investing in this critical work, with your continued investment, we are "stronger together".

With warmest wishes,

A handwritten signature in dark ink that reads "Tina M. Martin".

Pediatric Therapy Services

School-Based Therapy Services

CARE works with school districts across McKean County, the Coudersport School District in Potter County, and with home schooled students to ensure students with disabilities and delays receive physical and occupational therapy services. These services help children better access the school curriculum.

School-based therapy services focus on children with Individual Education Plans (IEP's) or 504 plans who are identified by the district as needing additional services.

Physical therapy centers on a child's basic movement, balance and coordination, helping students navigate the classroom, physical education class, the playground and other school environments and activities.

Occupational therapy focuses on the development of a child's fine motor skills. The occupational therapy staff works to help children accomplish the daily tasks required for success in school, such as writing, painting, playing with toys, and cutting with scissors.

Therapists also work with adaptive equipment and make adaptations to the school environment.

School-based therapists work closely with the school team and students' families to deliver responsive services and to help each student treated reach his or her potential.

Developmental Screenings

CARE therapists and developmentalists conducted 619 developmental, gross motor, and scoliosis screenings at schools, health fairs, and other community events like Kids Fest.

12,364
Sessions of
School-Based Therapy
and Early Intervention
were provided by
CARE staff.

Early Intervention, Birth to Three

Physical Therapists, Occupational Therapists, Speech-Language Pathologists, and Special Instructors provide treatment for infants and toddlers who have been identified with developmental delays. Therapy is provided in the child's natural environment using a coaching model to encourage parent/caregiver participation in treatment.

CARE also has a Social Worker on staff who assists families by providing emotional support, identifying and coordinating community resources, and/or offering parent education, counseling and crisis intervention.

Early Intervention is a collaboration of services which assist and empower families in improving their young child's development. Referrals are made by pediatricians, other health care providers or parents/caregivers to the county Early Intervention system who then refer the child for evaluation and treatment.

Speech-Language Services

CARE Developmental Screening Day
for Children Birth to Three

Stronger Together

Fiscal Year 2018-2019

Rainbow Corner Preschool Summer Early Learning

Early Learning Programs

Rainbow Corner Preschool

The Rainbow Corner Preschool is an inclusive program serving children three to five years of age. The preschool is licensed by the Pennsylvania Department of Education and follows a curriculum that is aligned with Pennsylvania Early Learning Standards.

Rainbow Corner fosters an environment to meet each student's developmental and early learning needs. The learning centers in each classroom are equipped with appropriate materials to enhance and support the curriculum.

CARE also has developmentalists on staff to help address specific developmental delays.

The preschool's inclusive setting is designed to enhance each child's physical, social, emotional and cognitive development. Rainbow Corner encourages students to be active explorers of the world.

Playgroup

CARE's Developmental Playgroup focuses on the unique developmental needs of toddlers ages 24-42 months. Focusing on language development, the playgroup helps children enhance and acquire language skills by providing a language rich environment.

Social and sensory skills are promoted through structured play while focusing on manners and self help skills. Playgroup focuses on activities that encompass one or more of the five senses and how toddlers can better explore the environment around them.

Summer Early Learning

CARE hosts summer day camp for preschool age students which focus on STEAM (Science, Technology, Engineering, Art, and Mathematics) activities.

2,658
Children and
families were
impacted by Safe Kids
PA-McKean County
Partner programs
and initiatives.

Child Safety & Injury Prevention

Safe Kids Pennsylvania- McKean County Partner

CARE for Children is the lead agency for the Safe Kids Pennsylvania partnership for McKean County. CARE promotes the prevention of childhood injuries through education, collaboration, and advocacy. Please see the *Report to the Community* for more information on Safe Kids activities and initiatives.

McKean County Cribs for Kids

Fiscal Year 2018-2019

Community Outreach Services

Community Outreach: Family Support and Engagement

Community outreach efforts are important initiatives in CARE's overall delivery of services and programs. By recognizing the toll raising a child with special health care needs may take on a family, CARE aims to provide positive supports.

Many of CARE's programs focus on family engagement to ensure better outcomes for the children who participate. We want families to join in decision-making and goal setting for their child; engage families in two-way communication and advocacy; and to provide coaching and learning activities for the home and in the community.

Efforts include family coaching in the Early Intervention Program; providing information, referrals and connections to community resources; programs like Best Baby Playgroups which aim to help parents enhance their young child's development; participation in community events like Kids Fest; and the sponsorship of parent education, family support and professional workshops on a variety of topics.

Disability Awareness

CARE's Disability Awareness program aims to promote acceptance for children with physical and developmental disabilities. CARE conducts presentations and workshops for fourth graders in McKean and Potter Counties, as well as presentations for civic and professional groups.

Equipment Loan

CARE loans walkers, wheelchairs, lifts, bath chairs, adaptive recreation equipment, and other items with the referral of a health care provider. Equipment is subject to fit and availability.

Verner W. Smith Adaptive Equipment Clinic

CARE provides consultative services in collaboration with mobility professionals to provide a team approach for filling prescriptions for medical and adaptive equipment; and making necessary adjustments and repairs.

Therapeutic Recreation

Adaptive Camps, Clinics and Recreation Activities

Therapeutic recreation for children with disabilities provides many benefits including; cardiovascular fitness and improved strength, balance, coordination and muscle control. It also improves self-esteem, provides an opportunity to gain socialization skills and encourages fair-play and sportsmanship.

CARE's recreation programs for 2018-2019 included: The Trailblazers Basketball and Field Hockey Teams; Byllye Lanes Bowling with the Exchange Club; the Holiday Movie Celebration at the Main Street Movie House; Port Allegany Rotary Holiday Party; the Holiday Valley Adaptive Ski Clinic; Cookie Night at CARE; Basketball Mini-Camp at the YMCA; Pine Acres Adaptive Golf Outing; Rock Painting at the Bradford Area Public Library and Summer Day Camp at the University of Pittsburgh Bradford.

CARE Kid Fitness

CARE therapists assist the physical education teachers from George G. Blaisdell Elementary and School Street Elementary who conduct weekly adaptive gym classes to promote life-long fitness and the positive self-esteem of students.

CARE Basketball Mini-Camp

Mission

CARE for Children is a non-profit organization
dedicated to improving the lives of children of all abilities.

Vision

The realization of an ability-focused culture which helps children cultivate independence,
empowers families, and creates a community which fosters the dignity of all.

Standards for Excellence

As a Standards for Excellence accredited organization, CARE for Children has demonstrated its
commitment to advancing the ethics and accountability of operations, as well as that of the non-profit
sector, and we have opened the organization to an extensive review process which includes a jury of
experienced peers. CARE was accredited in 2004, re-accredited in 2007, 2013, and 2017.

The official registration and financial information of
CARE for Children may be obtained from the
Pennsylvania Department of State by calling 1-800-732-0999.
Registration does not imply endorsement.
